

IN THE UNITED STATES COURT  
FOR THE EASTERN DISTRICT OF  
VIRGINIA, RICHMOND DIVISION

Plaintiff: John D. Lynch II, MD  
VS. 3:21 CV 741

Defendants: William Tong, CTA Attorney General and the CT Department of Public Health and The CT Medical Licensing Board

Wrongful SUMMARY SUSPENSION  
ORDER of Petition No.

2021-726 received by

Certified Mail November 22, 2021.

Be it known: The Minutes of the Combined Hearing of the State of Connecticut Medical Licensing Board and the Connecticut Department of Public Health of June 19, 2012, have never been made available to me. Furthermore, my Attorney of Record, Sandra R. Gersten Esq. of West Hartford failed to notify me of said meeting.

Both are a violation of CT.  
State Law.

The matter before the Eastern District of Virginia is a federal matter, as the several Departments of the Government of the state of CT, if the Summary Suspension Order is allowed to proceed and is wrongfully executed, CT DPH will prevent my medical Licensing before all state medical Boards in the United States and likely, internationally too.

wrongful, and I contend illegal, will prevent my Licensing in all of the United States.

Furthermore, I am unable to represent myself physically or remotely by Dec 1, 2021, as I am in heavy financial debt, and do not have internet capabilities at present.
